REQUEST FOR CERTIFICATE OF CORRECTION PURSUANT TO 37 C.F.R §1.322

Commissioner for Patents

P.O. Box 1450

Alexandria, Virginia 22313-1450

Dear Sir:

Transmitted herewith is a Certificate of Correction for U.S. Patent No. 7,134,782 issued on November 14, 2006. Applicant requests that the subject Certificate of Correction be issued. A review of the application and amendments confirms that a mistake of a clerical or typographical nature, or of minor character appears in the subject patent. It is respectfully submitted that the mistake was incurred through the fault of the Office and is clearly disclosed in the records of the Office.

Included herewith is Exhibit A showing that an Amendment was submitted after the Notice of Allowance and before issuance to request a change of inventorship under 1.48(b). The Amendment was also submitted with the required fee set forth in 37 C.F.R. §1.17(i) at the time of submission. While this Amendment was entered, the face of issued Patent No. 7,134,782 does not reflect this Amendment. Accordingly, form PTO/SB/44 is submitted herewith to correct the listing of inventorship on the face of Patent No. 7,134,782.

Applicant notes that the subject patent, together with the certificate, shall have the same effect and operation in law on the trial of actions for causes thereafter arising as if the same had

been originally issued in such corrected form.

According to 37 C.F.R. §322, Applicant respectfully asserts that no fee is believed to be due with this request.

Respectfully submitted,

HOWARD & HOWARD ATTORNEYS PLLC

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

In response to prosecution of the subject divisional application, the inventorship of the subject divisional application has changed. Accordingly, please consider the following request for the deletion of inventors from the subject divisional application. A check in the amount of \$130.00 for the processing fee set forth in 37 CFR §1.17(i) accompanies this request.

REQUEST

Prosecution of the subject divisional application has resulted in fewer than all of the currently named inventors being the actual inventors of the invention now being claimed in the subject divisional application. Thus, Applicant hereby requests the deletion of the following inventors from the subject divisional application, since the invention of these inventors is no longer being claimed in the subject divisional application:

1. Richard F. Huyser
2. Christopher M. Tague
3. Weston Pernsteiner
4. Dennis A. Stratton

As a result, **Jared P. Coffeen** remains the only named inventor. A check in the amount of \$130.00 is attached for the processing fee set forth in 37 CFR §1.17(i). Applicant believes that no additional fees are required; however, the Commissioner is authorized to charge our Deposit Account No. 08-2789 for any additional fees or credit the account for any overpayment.

Respectfully submitted,
